# USB 3.2 Gen 1 Military-Grade Shockproof Portable Hard Drive AC732

## 1. Product Introduction

The AC732 - 2.5" portable hard drive features the new SuperSpeed USB 3.2 Gen1 standard with military-grade shockproof protection and business style design.

The AC732 rock black color is classic and low-key, giving people a mystifying business feel. Apacer's design team took the neck-tie indentation of a gentleman's suit as its design inspiration, and let the visual focus become concentrated on the neck tie shape in the center of the product, which is outlined by neat and simple lines. In terms of materials, high-gloss plastic and metal sandblasting make the layering of different materials richer and create a pleasant texture of dark rock black. The smooth and round design on the side not only enhances the user's grip, but also reduces the chance of dropping the hard drive. It can maintain an elegant posture anytime, anywhere.

AC732 has passed MIL-STD-810G 516.6 Procedure IV (Transit Drop Test), meaning no data is corrupted when it is dropped from a height of 1.22 meters.

AC732 meets the IP68 rating, which means the device is absolutely dustproof and can even be immersed in water up to 60 minutes at one-meter depth, the data remain unharmed. The hidden internal suspension structure features anti-vibration function, which forms a buffer for external forces to lower the chances of damage. The inner and outer protection is well prepared for any situation and presents professional confidence at any time. The durable USB Type-A female connector is test proven to withstand up to 10,000 plugging and unplugging times, meaning high durability in frequent use.

AC732 has a transmission speed up to 5Gbps. Available in capacities of 1TB ~ 5TB, which can meet any storage needs for the business. It is also a perfect booster for ultra-thin laptops, which usually have limited memory storage. A reassuring 3-year warranty is in place guarantee the best of storage experience for all users.

Apacer's portable hard drive with Apacer Data Manager software provides safe and convenient storage. Increasing your work efficiency effectively, use one-way/two-way synchronization and backup of important personal files to make digital storage life easier!

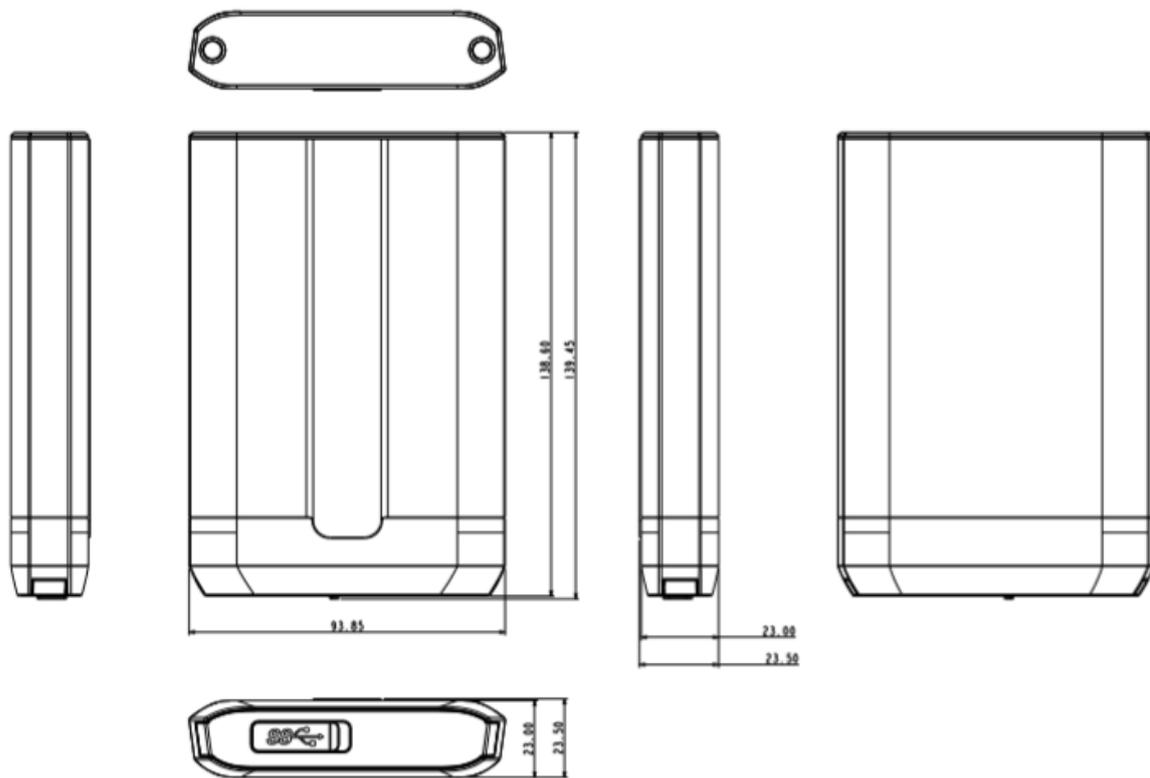

## **USB 3.2 Gen 1 Military-Grade Shockproof Portable Hard Drive AC732**

### **2.Features**

- USB 3.2 Gen 1 - 2.5" portable hard drive
- Compliant with the U.S. Military-grade drop test standard MIL-STD-810G 516.6 Procedure IV (transit drop test of a freefall test 122cm on 26 contact points)
- Internal Suspension Structure for External Forces
- IP68 rating for Waterproof and Dustproof
- Up to 4000KG pressure resistant
- USB Type-A female connector provides sturdy & solid plug/ unplug ability
- Supports Plug & Play and easy to use
- Supported capacity: 1TB / 2TB / 4TB / 5TB
